

FOR IMMEDIATE RELEASE

October 6, 2016

Glen Viau named President of OceanWorks International

OceanWorks International is pleased to announce the appointment of Glen Viau to the position of President, effective immediately. Mr. Viau will be based out of the Vancouver, BC office and among his many tasks will be the responsibility of adding to OceanWorks capabilities in Submarine Rescue Systems, Seafloor Observatory Systems, and Subsea Systems for the Oil & Gas market.

Mr. Viau, returning to OWI after his hiatus of 4 years in the Oil and Gas Industry in Houston, has accumulated over 24 years of experience at the forefront of the subsea technology industry with broad experience in management, design, manufacturing, testing, and commissioning of major subsea equipment in more than a dozen countries. He is a results oriented manager with a successful track record in completing projects and delivering complex subsea systems on schedule and within budget.

OceanWorks International is a subsea solution engineering company, providing over 27 years of service to the Military, Scientific & Environmental, and Oil & Gas markets. Offering a full range of subsea system engineering, design and analysis, fabrication, testing, and project management services, OceanWorks has been at the cutting edge of subsea engineering design, deep submergence and diving technology, operations, and support and looks forward to providing subsea engineering solutions to its customers.
