OCEANWORKS WELCOMES ADS PRODUCT LINE MANAGER

BURNABY, BC - OceanWorks International is pleased to announce the appointment of Mr. Jonathan Fether as Atmospheric Diving System (ADS) Product Line Manager.

A trained submersible pilot and experienced OceanWorks HARDSUIT™ pilot, Jonathan will work closely with OceanWorks customers carrying out the training and support for the ADS. Finding new manufacturers and sourcing component suppliers is also a significant part of his new role.

Jonathan has been in the subsea industry for over 13 years in a variety of roles that include operations and support technician for deep diving submarine rescue vehicles, lead mechanic, machinist, electronics and hydraulics technician.

With the planned design changes and optimization of the OceanWorks ADS HARDSUIT™ Jonathan lends a highly experienced hand to the decisions going forward.

OceanWorks International

OceanWorks International is a subsea solution engineering company, providing over 27 years of service to the Military, Scientific & Environmental, and Oil & Gas markets. Offering a full range of subsea system engineering, design and analysis, fabrication, testing, and project management services, OceanWorks has been at the cutting edge of subsea engineering design, deep submergence and diving technology, operations, and support and looks forward to providing subsea engineering solutions to its customers.
