OceanWorks names Lisa Medeiros as Business Development Manager

Houston, Texas - OceanWorks welcomes Lisa Medeiros to our team in the position of Business Development Manager.

Acting as Business Development Manager for the offshore oil and gas industry, Lisa's primary function will be to expand OceanWorks' penetration of the offshore oil and gas market by raising awareness of the company's proven custom engineering, standard products, and service capabilities.

Lisa joins the OceanWorks team from the Offshore Division of OYO Geospace in Houston and brings over 15 years of offshore and marine industry experience. Since graduating from the University of Florida with a degree in Marketing, and a minor in Journalism, Lisa has been an active member of the subsea technology community. She has served on the board of the Marine Technology Society and Hydrographic Society, and is currently serving on the OTC Program Committee.

"We are very pleased that Lisa has decided to join our team. She is well respected in the industry and her proven skills and experience will immediately make a significant contribution to OceanWorks' continued expansion in the oil and gas market", states Glen Viau, Chief Operating Officer at OceanWorks.

OceanWorks is an internationally recognized subsea technology company specializing in the design and manufacture of manned / unmanned subsea systems and specialized equipment for military, oil and gas, scientific, and other marine markets. Offering a full range of subsea system engineering, design and analysis, fabrication, testing, and project management services, OceanWorks has been at the cutting edge of deep submergence and diving technology, operations, and support for over 20 years.
